

Examsys - Presentation Cheat Sheet

Follow these simple steps during your presentation

QUICK CREDENTIALS REFERENCE:

Teacher Account: Username: teacher1 | Password: admin123
Student Account: Username: muez | Password: student123 (Roll: S-BBA-2026-99)

Step 1: Start on the Landing Page

- What to do:** Open the homepage (index.php) in your web browser.
- Show them:** Point out the clean landing page and scroll down to the "How it Works" section. Explain the simple 3-step workflow (Register -> Enter Marks -> Generate CGPA).
- Pro Tip:** Click the Sun/Moon icon in the navigation bar. Show how instantly and smoothly the site shifts between Light and Dark Mode.

Step 2: Enroll Students (Teacher Portal)

- What to do:** Click "Teacher Login" and log in with username "teacher1" and password "admin123". Go to "Enrollments" in the sidebar.
- Show them:** Click the "+ Enroll Students" button. Choose a course from the list, set Semester to "1", Batch to "2026", and click "Enroll Students".
- Pro Tip:** Explain that this lets teachers register a whole class batch in one click without waiting for administration.

Step 3: Enter Marks & Real-Time Grading

- What to do:** Click "Marks Entry" in the sidebar. Select exam "Final Fall 2026 - Sem 1" and the course, then click "Load Students".
- Show them:** Find a student. Type "35" in Internal and "52" in External.
- Pro Tip:** Point out how the Total (87.0), Grade (A), and Points (3.67) calculate instantly as you type! Check the "UFM" (Unfair Means) box to show it immediately override to UFM. Click "Save All Marks" when done.

Follow these simple steps during your presentation

Step 4: Switch to the Student Portal (Log in as Mueez)

- What to do:** Click the red "Logout" button at the top-right. Click "Student Login" on the landing page.
- Show them:** Log in using: Username "mueez" and Password "student123".
- Pro Tip:** Explain that you are logging in as Mueez Ahmed to show his personal academic grades dashboard.

Step 5: Showcase Mueez's CGPA Card

- What to do:** On the dashboard, point out the greeting banner and the cards at the top.
- Show them:** Highlight the card labeled "Current CGPA" displaying "3.67".
- Pro Tip:** Explain: "As soon as teachers save grades, the system instantly calculates and displays the CGPA, removing all manual delays."

Step 6: Showcase the Performance Curve Chart

- What to do:** Look at the line graph card labeled "Academic Performance Curve".
- Show them:** Show the line graph connecting Semester 1 (GPA: 3.84) and Semester 2 (GPA: 3.52).
- Pro Tip:** Click the Sun/Moon toggle. Show how the chart grid lines, text labels, and point colors automatically shift color to fit the dark mode. Explain: "The analytics are fully interactive and theme-synced."

Step 7: View the Detailed Gradebook

- What to do:** Click "View Results" under Quick Actions, or click "Results" in the sidebar.
- Show them:** Select "Final Fall 2026 - Sem 1" to show his Semester 1 grades (A+ in BBA-101, A in BBA-102). Select "Final Fall 2026 - Sem 2" to show BBA-103 (A) and BBA-104 (A-).
- Pro Tip:** Point out that the SGPA for each semester matches the line chart points exactly.

Step 8: Demonstrate the Print-Friendly Report

- What to do:** Press "Ctrl + P" (or right-click and click "Print") while on the Results page.
- Show them:** Point out in the print preview how all headers, menus, sidebars, and dark themes disappear, leaving a clean black-and-white academic transcript.
- Pro Tip:** Explain: "The system is optimized for paper prints, automatically stripping menu elements and styling to save cartridge ink."
